

Eagles Announce 2020 Season Schedule

Like the rest of the NFL, we are preparing for the 2020 NFL season as scheduled and look forward to a great season. We will continue to base all decisions on the latest advice of medical and public health officials, as well as in full compliance with current and future government regulations, and with appropriate safety protocols to protect the health of our fans, players, staff, and community. Along with the NFL, we are monitoring developments on a daily basis and will be prepared to make the necessary adjustments to adapt to the evolving landscape.

PRESEASON

Week 1: Aug. 13-17 at Indianapolis Colts (NBC10, 94WIP)

Week 16: Sunday, Dec. 27 at Dallas Cowboys (4:25 PM, FOX, 94WIP)

Week 17: Sunday, Jan. 3 vs. Washington Redskins (1 PM, FOX, 94WIP)

Scheduling news and notes:

1. Philadelphia is scheduled to play at least four regular-season prime-time games for the 14th consecutive season. Since 2007, the Eagles have played in 61 combined regular-season prime-time games, which is tied for the third-most by any NFL team in that span.

2. Philadelphia will host the New York Giants on *Thursday Night Football* in Week 7. The Eagles are one of two NFL teams with an undefeated TNF record (4-0) since 2016, joining Seattle.

3. A national audience will once again be treated to an Eagles-Cowboys matchup in Week 8 on *Sunday Night Football*. With the exception of a nationally televised 2014 Thanksgiving afternoon contest, the division rivals have squared off in prime time every season dating back to 2007.

4. In Week 12, Philadelphia will welcome the Seahawks to Lincoln Financial Field on *Monday Night Football*. Since 2016, the Eagles have produced a 5-1 (.833) record on MNF, which marks the third-highest MNF winning percentage in the NFL during that stretch.

5. For the second straight year, Philadelphia will play at least two straight division games to close the season as the Eagles travel to Dallas and then host Washington in Weeks 16-17.

Flexible scheduling: "Flexible scheduling" will be used in Weeks 11-17. Additionally, in Weeks 5-10, flexible scheduling may be used in no more than two weeks. In Weeks 5-16, the schedule lists the games tentatively set for *Sunday Night Football* on NBC. Only Sunday afternoon games are eligible to be moved to Sunday night, in which case the tentatively scheduled Sunday night game would be moved to an afternoon start time.

For Week 17, the Sunday night game will be announced no later than six days prior to January 3. The schedule does not list a Sunday night game in Week 17, but an afternoon game with playoff implications will be moved to that time slot. Flexible scheduling ensures quality matchups in all Sunday time slots in those weeks and gives "surprise" teams a chance to play their way into prime time.

Flexible scheduling will not be applied to games airing on Thursday or Monday nights.
